

CRUSHER / MIXER

CONCA-MIX

Set of compact crusher 500Kg :

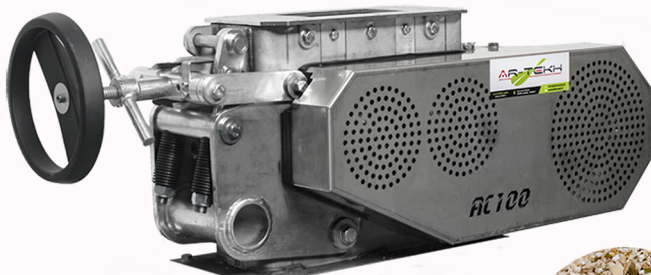

- Hopper raw material
- Variable regulation screw
- Disc crusher AC 100 1 à 3 T/h
- Inclined mixer 800L
- Integrated weighing
- PLC 4 PMP formulas
- Emptying bag or bulk
- Capacity 2 to 3 cycles / h from 1 to 1.5T / h following formulas and granulometry

The AC 100 crusher

without grids, without pressure, without friction

- Flow rate from 1 to 3 T / h
- High resistance discs, hardness 630 BR
- Granulometry obtained according to disc spacing
- Without temperature rise
- Uniformity of production
- Produces very few fine
- Compatible with:
 - * all types of cereals: oats, wheat, barley ...
 - * all types of oilseeds: rapeseed, sunflower, soy, pips ...

PLC DOSIFAB

PLC controller

- 4 formulas (expandable 8)
- 8 raw material
- Manages manufacturing in the raw material cycle
- Associated with weighing 4 X 500 Kg
